Put milk in the top of a double boiler, having water boiling in the under part. Cover and let stand on top of range until the milk has a bead-like appearance around the edge.

To Cream Butter—Put butter in a bowl and work with a wooden spoon until the butter is of a soft creamy consistency. Should buttermilk exude it should be poured off.

To Extract Juice from Onion—Cut a slice from the root end of the onion, remove the outer skin and press onion on a coarse grater, using a rotary motion.

Fried Oysters—Select large oysters. Clean and parboil slightly to draw out water. Drain and dry on towel. Roll in cracker crumbs, dip in mayonnaise dressing, then in crumbs. Let stand for five minutes, and if moist dip again in crumbs and cook in deep, hot fat for one minute.

To Caramelize Sugar—Put sugar in a smooth granite saucepan or omelet pan, place over the hot part of the range and stir constantly until melted and the color of maple sugar. Care must be taken to prevent sugar from adhering to the sides of the pan or spoon.

Rice Balls—Boil a cupful of rice in water and add salt. While warm mix in quarter pound of butter, two eggs well beaten, and tablespoonful of cinnamon. Make this into small balls and fry in deep fat. Drain and roll in currant jelly, then powdered sugar.

Roasted Pork Tenderloin—Clean a dozen pork tenderloins, season with salt and pepper. Put into baking pan, place over the hot part of the range and stir constantly until melted and the color of maple sugar. Care must be taken to prevent sugar from adhering to the sides of the pan or spoon.

Canned Chicken.

To can chicken prepare as for stewing, put on to cook in water to cover, with a rounding tablespoon (possibly more) of salt to each chicken. Cook till the meat will slip from bones, take out all bones, pack pieces of meat, as close as you can, in glass jars; fill with the broth, adding boiling water to it if there is not enough to fill all jars. Put on rubbers and covers, put up top wire, but do not snap down lower one. Put jars on rack in wash boiler, pour in warm water to shoulders of jars, cover boiler and let boil three-quarters to one hour after water begins to boil. Then lift boiler off, out of drafts, let stand a few moments before uncovering boiler. Then take off boiler cover, snap down lower jar wires, without lifting tops, lift jars out, wipe and set aside to cool, then put away.

To Serve with Ice Cream.

Crystallized mint, rose leaves, geranium and violets are nice to serve with ice cream or ices. Make a sirup of one pound sugar and a gill of water. Boil without stirring until a drop put into water becomes immediately brittle. Remove the saucepan from the fire and set it at once in an outer pan of boiling water. Add to the sirup the juice of half a lemon. Run the prongs of a sharp pickle fork through each leaf to be candied and dip it into the hot sirup. Lay the leaves separately on a buttered or waxed paper to drain.

Mushrooms Baked Under Glass.

Peel and remove the stems from good-sized, firm mushrooms. Sauté lightly in plenty of butter and season with salt and pepper. Put round slices of toast in the dish, cover with the mushrooms and the liquor from the pan in which they have been sautéed, cover with the bells and bake from fifteen to twenty minutes. When ready to serve add a tablespoonful of hot cream to each dish and serve under the bells.

Steamed Rye and Indian Loaf.

Sift together two cups corn meal, one cup rye meal (not flour), a teaspoonful soda and a scant teaspoonful salt. Add one-half cup molasses and a half cup sweet milk, mix well, turn into a buttered tin pan or mold and steam in a kettle of boiling water for four hours, keeping it steadily boiling.

An Egg Hint.

To prevent hard-boiled eggs (for salads, sandwiches, etc.) from turning a dark color, place them when taken out of the boiling water in a basin of cold water for a few minutes. This will not only preserve their natural color, but will render them much more easy to shell.

To Keep Vegetables.

Turnips, carrots, sweet potatoes and horseradish keep fresh a long time by being buried in sand in the cellar. Parsley and celery, if dug up by the roots, with some of the earth around them, and placed in the cellar, will also keep green for some time.

French Salad Dressing.

Three tablespoons of olive oil, one tablespoon vinegar. Mix salt, red pepper, a little mustard and a trifle of sugar; stir smooth with oil. To these ingredients add the oil and vinegar.

LIQUOR MEN HOPEFUL

Claim Opposition Wave Throughout Country Is Receding.

Washington, Dec. 4.—That the wave of opposition throughout the country to the liquor trade seems to be receding, was the keynote of the reports from various statements made at the closing session of the National Liquor league. The consensus of opinion was that the best interests of the liquor trade would be conserved by having the number of saloons limited according to population.

Resolutions were adopted declaring that "the industry has been overregulated, overabused and overtaxed in the furtherance of a creed or cult that is basically un-American and at absolute variance with every principle of liberty, civic righteousness, economics, common sense and common justice." It was further resolved that "the Anti-Saloon league is a menace to good government, the quietude of communities and vested property rights, and exists for no other purpose than to provide occupation and revenue for the members of a close corporation by the processes of perpetual agitation; and that local option is but another name for prohibition and is equally confiscatory in its assaults upon property rights." Timothy L. McDonough of Cleveland was re-elected president.

Hazel Defense Begins Today.

Decides Against Bleached Flour.
